

UK Income Tax Seminar Program

A two-day, intermediate seminar to provide comprehensive information and valuable updates that will prepare you to file 2025 returns. For 2025, you have the option of attending our in-person seminar or a webinar via Zoom. Topics to be covered include ethics, trusts and estates, LLCs, individual tax issues, business taxes, retirement, investments and savings, agricultural and natural resources, IRS issues, and new and expiring legislation, including the 2025 tax bill.

Program Level: Intermediate.

From prior participants:

"I can't imagine beginning tax season without all the information that your workshops provide."

"Very knowledgeable and incorporated 'real life' situations in comparison to the topic being discussed."

Our goal is to conduct Income Tax Seminars that meet the continuing education needs of tax professionals. We appreciate your support and welcome any comments or suggestions that will improve the quality and usefulness of the seminars.
